ALASKA “Round 2” CARES Act Fisheries Assistance

Provided by the Consolidated Appropriations Act, 2021

SUBSISTENCE SECTOR – Application instructions

ELIGIBILITY REQUIREMENTS

- All eligible household members **MUST** be Alaskan residents meeting at least one of the following criteria:
 1. Eligible to receive an Alaska Permanent Fund Dividend in 2021 for calendar year 2020.
 - Please visit <https://myinfo.pfd.dor.alaska.gov/> to search for your applications
 2. Possessed or eligible to receive a 2020 Alaska resident sport fishing license from the Department of Fish and Game.
 - Please visit <https://www.adfg.alaska.gov/index.cfm?adfg=license.residency> for a full definition of resident and the department’s residency guidelines.
 3. Registered as a resident during 2020 with the Commercial Fisheries Entry Commission.
 - Please visit <https://www.cfec.state.ak.us/> for questions regarding CFEC fishery permits and vessel licensing.
 4. Held a subsistence or personal use permit issued by the Alaska Department of Fish and Game in 2020.
 - Personal use fishery permits are **NOT** eligible for relief under this spend plan. They may **ONLY** be used to prove residency.
- Members of federally recognized Tribes that already received 2021 Consolidated Appropriations Act funds directly from the Bureau of Indian Affairs through NOAA appropriated funds are **NOT** eligible to apply.
- **MUST** be at least 18 years old to apply per federal requirements.
- **MUST** self-certify that they are not de-barred from receiving federal funds and are not on the federal government “do not pay list”.
- Eligibility will be determined by Alaskan household.
 - A household is defined as a person or persons having the same permanent residence.
 - All Alaskan households participating in subsistence fisheries may apply regardless of physical household address.
 - Only one application may be submitted per household.
- One or more members of the household **MUST** have participated in a marine and/or anadromous subsistence fishery in at least two of the previous four years (2016-2019).
 - Participation includes harvesting, sharing, and/or using subsistence fishery resources. Subsistence harvest does **NOT** require the use of a sport fishing license.
 - Subsistence fisheries are defined as fisheries on stocks for which the Alaska Board of Fisheries has found there are positive customary and traditional uses, in addition to federal subsistence fisheries that have no state equivalent.
 - Marine fisheries include all species, i.e., shellfish and halibut. All anadromous species are eligible; this is **NOT** restricted to salmon species.
- Eligible applicants **MUST** self-certify that their household has incurred a negative impact on their ability to access subsistence fishery resources in 2020 that was directly and/or indirectly related to COVID-19.
- **MUST** not apply for assistance in any other state or territory for the same losses.

CAUTION – RESIDENCY VIOLATIONS

In reviewing Round 1 applications, PSMFC identified individuals listed as holding resident licenses in more than one state or holding a resident license of one state while applying from an address in a different state. Holding an Alaskan resident license or permit improperly or when also holding a resident license or permit from another state may constitute a violation, e.g., Permanent Fund Dividend fraud, and may violate the laws of other states as well.

Applicants to this spend plan that PSMFC identifies as suspect in terms of residency status will be referred for enforcement or the appropriate administrative processes in each applicable state. If the appropriate authorities

determine that the applicant held a resident license or permit improperly, the applicant will be deemed ineligible under this spend plan. If the violation is not confirmed until after payments from the spend plan are distributed, audit or prosecution may seek return of any payment received under the Alaska and/or other state spend plans.

PAYMENT CALCULATION

Eligible applicants will be placed into one of two tiers based on household size in 2020. Smaller households will be eligible for one share and larger households will be eligible for two shares. Once all applications have been received, total number of shares will be determined and payments for applicants will be calculated accordingly.

Table 1. Subsistence Fisheries Share System	
Household Size	Number of Shares
1 - 3	1
4 or more	2

See page 1 for “eligible household member” requirements.

SPECIAL CONSIDERATIONS

Applicants with an annual household income equal to or less than the poverty guidelines for the state set by the United States Department of Health and Human Services for the year 2020 shall receive an additional share.

Table 2. 2020 Poverty Guidelines for Alaska	
Eligible Persons in Household	Poverty Guideline
1	≤ \$15,950
2	≤ \$21,550
3	≤ \$27,150
4	≤ \$32,750
5	≤ \$38,350
6	≤ \$43,950
7	≤ \$49,550
8	≤ \$55,150
For households with more than 8 eligible household members, add \$5,600 for each additional person.	

EXAMPLE

The Smith family is a household of 5 eligible members. The Smith family earned below the poverty guideline for a household of 5 in 2020 (≤ \$38,350). In this scenario, the family is eligible for (3) shares; (2) for their household size and (1) share for being below the poverty guideline in 2020.

ESTIMATE

Total Allocation: \$2,358,918

Number of shares: 7,000

$$\$2,358,918 \div 7,000 = \$336 \text{ (base share value, 1 share)}$$

Data are not available to give an accurate estimate for this sector beyond the total allocation.
